# FRENCH ARMIES ESCAPE GERMAN TRAP

## Forces Under General Piroux Successful In Escaping German Trap

LONDON, May 30.—The British and French forces in Flanders are working their way out of the German trap, the ministry of information said tonight, and added that "troops not immediately engaged have been evacuated. Numbers of troops already have reached this country," said the official statement.

The Press Association today made the following statement in connection with the position of the British Expeditionary Force in Flanders:

"Obviously nothing can be given out on the operations now in progress, for even a single word might still further jeopardize and imperil the lives of this brave force which through a fortnight of slaughter and carnage has displayed gallantry and courage that will make their names live forever."

PARIS, May 30.—The bulk of a French army under General Rene Piroux was reported officially today to have fought its way through German lines and to be moving into defence positions on the English Channel coast.

The Piroux army had been fighting to cut a path through the German trap around Allied armies in the north for several days, and this morning French sources said that 40 German divisions had been thrown at the Allied troops pocketed near the city of Lille.

The official French spokesman said late this afternoon that the situation still was difficult but that most of the Piroux army had succeeded in escaping the trap that the Germans sought to close between Poperinghe and Cassel, south of Dunkirk.

### French Forces Approaching Coast

The French forces, the spokesman said, were now approaching the coast, continuing their retreat to defence positions prepared in advance. This presumably would put them near Dunkirk.

The fronts along the Somme, Aisne and Rhine rivers were described as calm, but in the north the biggest conflict of the war had reached its climax.

Allied warships turned their big guns on the German masses in support of the Allies fighting against large Nazi forces.

In an attack from southwest toward northeast, in the region between St. Omer and Mont Cassel, near the Belgian border, the Germans attacked Mont Cassel and were believed to have taken it.

### Germans Use Mechanized Columns

In a third attack, the Germans sent mechanized columns toward Dunkirk, the great Allied base.

The pocketed French and British forces in the Lille zone are making their stand in a zone of four hills which dominate the plains of Flanders, Mont Cassel, Mont Kemmel, Mont Rouge and Mont Noir.

The Germans sent wave after wave of men against the Allied lines throughout the night, and though it was believed they took Mont Cassel, hope was held that their gains had been insubstantial.

A military informant said that the British Air Force was performing "prodigious" feats in smashing German columns, while the Allied naval guns smashed down into the German front lines.

### Both Sides Race For Neuport

On the coast, the Allies and the Germans were racing for the Neuport region. If the Allies won the race, and got all their men of the Channel force to safe positions, they could flood the Yser river and, they believed, hold the Germans as they had done throughout the World War on the Neuport-Dixmude line.

This morning's French high command communique, No. 539 of the war, was brief and uninformative:

"Various operations mentioned in last evening's communique continued throughout the night."

### Violent Comings In Cassel Region

"Violent combats occurred on the Yser and in the Cassel region."

"There is nothing new on the Somme and the remainder of the front."

A military informant said that during the night the Germans attacked in an east-west direction against the Yser canal, from Bruges in the direction of Dunkirk, to meet ferocious resistance. Wave after wave of Germans

## Flanders Veterans Arriving Home Tired, Cheerful

LONDON, May 30.—Powder-grimed and blood-stained, veterans of a desperate 30-day campaign in Belgium and northern France told tired voices tonight of "hellish losses inflicted upon the Germans."

They were greeted by cheering as they arrived at the southeast coast. Police and troops kept crowds from the piers but coast dwellers got near enough to witness a military band playing as the disembarking warships pulled into a cove.

The soldiers were singing, shouting and waving when they came ashore but as they took their places in trains and motorbuses they slumped into their seats, obviously worn out.

## First Blackout

JERUSALEM, May 30.—The first blackout in the history of the ancient city of Jerusalem was ordered for next Monday.

## Evacuation Of England Coast Being Rushed

LONDON, May 30.—The British Expeditionary Force and its French companions tonight today toward Dunkirk in a tremendous rearguard battle with the Nazi military machine.

Initial success in the withdrawal was indicated by a statement in authoritative circles that some divisions had reached the safety of a southeast port in England. Meanwhile the "grim struggle goes on," these claims added.

The southeast coast of England took on a "front line" appearance, with streams of women and children leaving in fear of German bombers, carrying portable possessions with them.

The government is expected to order all civilians to leave the southeast coast if Germany consolidates its bases on the French coast.

Battling the numerically superior Nazi air force, British aviators yesterday announced today that a hospital ship "heavily marked with a red cross" was subjected to an unmerciful bombing which caused many deaths in the English channel.

On a week's Monday night Prime Minister Mackenzie King announced in the House of Commons that a hospital ship carrying the British Expeditionary Force was subjected to an unmerciful bombing which caused many deaths in the English channel.

"A bombing attack on a hospital ship clearly marked with a red cross was seen from a British reconnaissance aircraft of the coastal command over the English channel Wednesday evening."

"The bomb fell very close to the ship, enveloping it in flames. The British aircraft feared the bomber which disappeared into clouds. A score of deaths and handbats. A dozen speeches of official welcome could not have been more impressive."

The men will train in the same area where the R.C.A.F.'s 112th squadron has been polishing up its teamwork. They will be hunting against the Nazis.

Their commanding officer spoke of the experience of officers and men to get busy in the war. He said: "Every man here is a well-trained soldier. We have a fine record without incident and reached port in a very short time. It was a very pleasant voyage."

## FRANCE HINTED NEXT TARGET OF NAZI ASSAULT

BERLIN, May 30.—Although the French situation was conceivably more favorable than it was for a cross-channel attempt to invade Britain, the Nazi press hinted today that France, rather than the British Isles, would be the next target of the German assault.

Newspapers carried stories claiming French "treachery."

"Nobody with the slightest sense of responsibility," a separate paper wrote, "is in a position to make any such statement," authorized sources said.

"We have no reason to look at the French any differently than at the English."

## SECOND GROUP CANADIAN FLIERS ARRIVE IN U.K.

Advance Party Of No. 112 Co-Operation Squadron Now In Britain

OTTAWA, May 30.—The second Royal Canadian Air Force contingent in the United Kingdom, an advance party of No. 112 (City of Winnipeg) army co-operation squadron, has arrived safely in the United Kingdom. The advance party, which was sent overseas in a transport ship, arrived last night.

No. 112 will act as a reserve for No. 119 (City of Toronto) army co-operation squadron, which went overseas in February.

## GERMANS FAIL IN ATTACK ON HOSPITAL SHIP

LONDON, May 30.—The Air Ministry announced today that a hospital ship "heavily marked with a red cross" was subjected to an unmerciful bombing which caused many deaths in the English channel.

On a week's Monday night Prime Minister Mackenzie King announced in the House of Commons that a hospital ship carrying the British Expeditionary Force was subjected to an unmerciful bombing which caused many deaths in the English channel.

## Airmen Are Given Rousing Welcome

LONDON, May 30.—A new contingent of Canadian airmen has arrived in the United Kingdom, an advance party of No. 112 (City of Winnipeg) army co-operation squadron, has arrived safely in the United Kingdom. The advance party, which was sent overseas in a transport ship, arrived last night.

The men will train in the same area where the R.C.A.F.'s 112th squadron has been polishing up its teamwork. They will be hunting against the Nazis.

## TERENCE SHEARD NEW ASSISTANT IN AIR DEFENCE

By GRANT DEXTER  
Edmonton Bulletin Staff Writer

OTTAWA, May 30.—It was announced today today that Terence Sheard, assistant general manager of the National Trust Co. of Canada, has been appointed to the post of assistant in air defence. This is the first of several appointments to high administrative positions in the defence of Canada, which are expected within a few days.

## Navy Aids Retiring and Unit

Important Part Of British Corps Will Get Safely Back To England

By J. W. MASON  
British United Press Wire Report  
Exclusive to Edmonton Bulletin

German troops, heavily outnumbering the retreating Anglo-French armies, are throwing everything in to their final drive of the Flanders campaign. The retreat of the Allies is being assisted by the difficulties which the nature of the terrain presents to German offensive fighting, a more important factor in the barrage being laid down by the Allied warships off the Belgian and French coasts.

Because of these facts, an important part of the British Expeditionary Corps probably will get safely back to England. The French troops, further away from the coast, are in a more difficult position. The British are along the coast, in force. The French rearguard is 40 or 50 miles away.

Year, in an effort to check the Germans, will have an important part to play in the retreat. If the flooding can be made in time, it will mean that the British will be able to retreat through Belgium in 1914, was supposed to be the plan, until four days later. The Allies now have this experience to help them, but they are meeting more opposition now than then.

## DEVALUING GERMAN

Desperate fighting in the vicinity of Lille is threatening the evacuation movement by the Germans, but a prolonged fighting there cannot be expected. Lille is beyond the range of the guns, and the Allied warships along the coast. If the Allies can hold the guns, the troops within the curtain of fire of the warships, their chance of rescue will be greatly increased.

## SERIOUS BLOW

The loss of Lille is a serious blow to the Germans. The city is a centre for chemical and munitions plants and had many heavy industries in operation. The Germans will have great difficulty replacing these works, undoubtedly destroyed by the retreating French. During the world war, the Germans held Lille for four years without making serious use of its manufacturing plants. German reliance on Lille as a centre for relaxation.

Following the capture of Lille, the Allies are expected to launch a major work of General Weingart. The scale may be expected now that the war has become one of open warfare.

## CRIPPS LIKELY BE ACCEPTED BY RUSSIANS

Improvement In British-Soviet Relations Is Expected

By FREDERICK BETH  
British United Press. Exclusive Cable to The Edmonton Bulletin.

LONDON, May 30.—Diplomatic quarters believed today that Russia would "accept Sir Stafford Cripps as new ambassador to Moscow for the expressed purpose of negotiating a trade agreement and that a marked improvement in relations between Great Britain and Russia would follow."

Sir Stafford already is en route to Moscow, travelling by way of southern Europe. The ambassador's post there has been vacant since January, when Sir William Seeds returned home "on leave."

As a result of the negotiations, foreign diplomats and members of parliament discussed the possibility that Russia might change her policy of favouritism toward Germany to one of "balanced neutrality."

Although the Soviet policy continues to be described as neutral, as one of keeping out of the war, observers expressed the conviction that Russia's self-interests logically created a desire to see Germany's conquests curbed, not by adding European dominance weakened.

## EXCHANGING NOTES

Britain and Russia have exchanged notes on a trade agreement for some time, largely without success because of disagreement over British contraband control and shipment and reduction of Russian supplies to Germany. The absence of a British embassy in Moscow also was a drawback.

## War Briefs

LONDON, May 30.—The admiralty announced tonight that the destroyers Graceland and Wakeful had been lost.

LONDON, May 30.—The air ministry announced tonight that "at least 70 enemy air machines were destroyed by fighters" yesterday.

BERLIN, May 30.—Neutral military circles here expressed the belief today that the Allies must have succeeded in evacuating a number of men out of the German trap in Flanders, since movements of troops off the English Channel coast have been reported under way for the last four days.

WELLINGTON, N.Z., May 30.—Prime Minister Fraser announced tonight that immediate provision for compulsory military service is being placed in New Zealand.

PARIS, May 30.—The Belgian cabinet meeting "conclude in favour" today, instead of earlier, that King Leopold is no longer able to resist and he is in the hands of the invaders.

# \$300,000,000 SPENT BY WAR SUPPLY BOARD

## Expansion Of Armed Forces Increases Pace Of Purchases

OTTAWA, May 29.—Purchases made by the department of munitions and supply and the production of war supplies have reached the \$300,000,000 mark yesterday, according to an official announcement.

The figure includes some \$20,000,000 in contracts placed for Canadian armor, approximately \$75,000,000 in contracts placed on behalf of the British Supply Board, and other orders on which work is well advanced.

Expansion of the armed forces has increased the purchasing pace of the department of munitions and supply which has awarded 5,821 contracts in the seven weeks since April 1.

Cotton textile mills are presently operating at a peak to produce 1,800,000 yards of cotton fabric, and woolen mills are busy on large orders of serge, the announcement said.

A corresponding expansion in purchasing extends throughout the plant of war needs for shoe leathers, for which orders for 1,100 million pairs will soon be placed, to field telephones and electric wire for which orders for 1,100 million pairs will soon be placed, to field telephones and electric wire for which orders for 1,100 million pairs will soon be placed.

Up to the end of April the actual contracts awarded amounted to some \$200,000,000, of which some \$70,000,000 was for British account. The approximate classification of the \$300,000,000 for Canadian account was as follows: Railway equipment, \$25,000,000; foodstuffs, \$5,000,000; shipbuilding, \$47,000,000; defence products, \$100,000,000; military equipment, \$100,000,000; medical and dental supplies, \$70,000,000; miscellaneous, \$43,000,000.

# French Submarine Seen In Vicinity Of Nazi Steamer

BELEM, Brazil, May 29.—The crew of a small Brazilian boat was reported yesterday to have sighted a submarine, believed to be the French Pelagos, off Cape Recife, on the Brazilian north coast near French Guiana.

The 4,660-ton German freighter Koenigsberg sailed from here Tuesday with \$400,000 worth of rubber for Germany.

## Morothy Dix Says:

Dear Miss Dix—In our salesmen's club in college we have been discussing some of the young people's problems. The young people must face today. Which of these do you think are the most difficult for us to solve?

Answer: I don't think that the pattern of life has changed nearly as much as young people have been told that it has, or that boys and girls called upon to face very different problems from those that their parents did. The first great difficulty that virtually all young people encounter is how to make a living. That was your father's problem, the father's and his father's before him, and the solution of it was war, just as it is today.

Maybe jobs are harder to get, but likewise youngsters are a lot more enterprising, and very few of them are willing to start at the bottom.

Certainly, as far as girls are concerned, their problems are much less acute than their mothers' and grandmothers' were, because mother and grandmother had just one problem. That was how to get a husband.

But that is the least of grandmothers' worries. For if she doesn't marry, she has the choice of an infinite number of occupations.

Of course, love is always the major problem of youth. How to tell if what one feels is the grand passion, or merely a passing fancy? Whether to jump off the deep end and marry before one has any way to support a family or wait until one is ready to take on responsibilities? Whether to go into a long engagement or not? And so on and so forth.

But they are no more problems now than they have always been. The only major problem that I see that is harder for the youth of today to solve than it was for their parents is the moral one.

Undoubtedly it is harder to be good today than it was yesterday. Religion is mocked. Chastity is old-fashioned and even when men are places to go to, where they are close up, girls think it smart to get dirty. Books are read and plays are played that rock with incredible filth.

That is their problem, and it is more difficult to solve now than ever before.

Yet they must answer it even as their fathers did, for underneath all the turmoil the old order still prevails. The old penalties and rewards are still there, and the strength and courage and righteousness still win out, and the wages of sin are still death.

## Fruit Pectin, Nuts Insure Jelly Success

By MRS. GAYVOR MADDON

Inexpensive ingredients and the use of a fruit pectin will make jam and jelly work in early June a sure success for the beginner. These budget recipes are new and cheap.

SPICED RASPBERRY JAM

(About 8 glasses)

Three cups prepared fruit, 5 cups sugar, 1 bottle fruit pectin.

To prepare fruit: Slice fine or chop about 2 1/2 pounds. Do not

citrus mixture, 8% cup sugar, 1/4 bottle fruit pectin.

To prepare carrot and citrus mixture, cook about 2 1/2 cups until tender. Drain and grind or chop. Add grated rind of 2 oranges and 2 lemons. Peel oranges and dice, discarding hard centres and seeds. Add orange pulp and lemon juice to carrot. If desired, add 2 or 3 teaspoonfuls of cinnamon.

Measure sugar and prepared ingredients, solidly packed, into large sterilized jars. Mix well. Bring to a

## Points For Parents

By EDITH THOMAS WALLACE

"This" and "Not This" are the two words which seem to be the most important in the life of a child.

Mother: "Bedtime, son."

Son: "Please let me stay up a little longer."

Mother: "You know it does no good to tease and Aunt Mary won't enjoy hearing you, either."

Do not allow a child to capitalize on his undesirable behavior.

Occasionally suggestions come to the child's mind which seem to be good enough to pass on. For instance, a child may have heard that if he is good, he will get a reward. If the light comes on that the child could be deceived to

A Graduate Nurse suggests a helpful method of decreasing the irritation of children's coughs. She writes: "Simply wrap a soft cloth around the child's neck. The cloth should be changed frequently. Cover this with a strip of soft flannel, preferably wool. If the child has been coughing so long that he is unable to sleep, this is all to get instant relief. The cloth should be changed frequently and as there is no danger one need not be afraid to try it."

Mr. R. D. D. always gives her children a flashlight to take to bed with them. They take it to bed and when they wake up at night and find the flashlight is not there, they are very angry. With a flashlight in his hand, a child can get up in the night to keep a dog or cat from barking. I recommend this highly.

But be sure the mirror is fastened securely so it cannot be pulled over the child's head. Take out heavy toys which might be banged against the mirror. My feeling is that if the child is not to be placed where the baby could see him, he should be placed in a room where he can see his children have a say.

## What To Do

It is a good idea to have a plan for what to do in case of an emergency. This plan should be made up by the family and should be posted in a prominent place. It should include the names of the family members, their ages, and their occupations. It should also include the names of the nearest relatives and friends, and the names of the nearest hospitals and doctors.

## The Quality of Freshness in Safeway Stores

is easily explained—it's just like a merry-go-round . . . the fresher the food the faster it sells, the faster it sells the fresher the food. The freshest food in town is at our SAFEWAY.

In Fruits and Vegetables, this principle is easily appreciated . . . but remember, it's just as true of Spices, Cereals, and every other food that is not normally packed in vacuum tins. SAFeway stock is freshest!

Safeway freshness earns your patronage . . . and your patronage speeds up the process that ensures the freshness you appreciate.

## Looking Them Over

By Jack Kelly  
Grads Get It  
Negro Riders  
Here And There

The famous Underwood trophy which the Grads have defended successfully for the last 18 years against the finest and strongest girls' basketball squads that this country could produce, will not leave the Grads trophy case when the championship disbanded next week.

Last night in Toronto it was announced by Joseph L. Seitz, president of the Underwood Fisher Limited and chairman of the board of trophy trustees, that the Underwood trophy will be given into the permanent possession of the Grads who have waged and won so many classic battles in defence of it.

Formal presentation will take place at the banquet on June 6 which is to mark both the Grads' retirement and the voluntary termination of their quarter-century dominance of women's international basketball. Frequently disputed but not once refuted, that dominance entailed participation in four Olympic Games, travel estimated at 125,000 miles, repeated victories over the best teams the United States could put on the court and fame which even the Grads' disbandment will not soon dissipate.

Unable to attend in person, Mr. Seitz will deliver a recorded presentation speech to the dinner and the trophy will be actually handed over in the trustees' behalf by W. M. Fawcett, its Edmonton representative. It will be formally received by Mrs. Winifred Martin Tait of Vancouver, the Grads' first captain.

Besides Mr. Seitz, who succeeded to the chairmanship upon his father's death last January, the board of trustees consists of Percy Page, Miss Alexandra Gubb of Toronto, Adrian J. Brennan of Hartford, Conn., and Harry D. Wilson of Chicago, Ill.

## Sniping At Random In Sportdom

THE case that near over the famous Indianapolis race track have their tires inflated with nitrogen gas because it doesn't collect moisture and expands 50 per cent less under heat.

Steve O'Neill, former Cleveland manager who now pilots Buffalo in the International League, is one of the few who still think pitcher Freddie Hutchinson is worth the fifty grand and four players that Detroit laid on the line for him. Steve figures that it is just lack of confidence that is holding the gold-plated back and Steve figures he will gain this by pitching regularly for Buffalo this season. It might be mentioned here however that Hutchinson had a stretch with Toledo last season without any noticeable effect on his ego.

Leo Nova is reported to be finally recovered from his operation and has started training again at his camp near Carson City, Nevada. His first fight will be against old friend Fred Smith who battled Jack Tebbi here a few years ago at the Memorial Hall.

If you see a flock of geese around town today with real wild west heads and cowboy members, don't be alarmed. It will be the Ponoka ball club and supporters up for tonight's Central Alberta League game at Renfrew Park. The whippers and bats are to remind the folks that the big Ponoka Stompers is on July 1 and 2 this year. Any citizens of that ilk who dare set a razor in the whippers before the rodeo is over will never live it down.

Edmonton	1	1	.500

Next Game—Tonight, 6:30, Ponoka at Dodgers.

Exclusive to Edmonton Bulletin  
PONOKA, May 30—Darkness ended a typical Ponoka. Wetaskiwin baseball game here last night in an 8-8 dead lock as those old and bitter rivals clashed for the first time this season in the Central Alberta Baseball League schedule. The game went nine innings before being called off by the officials.

Feature of the game was the way Skipper Charlie Lewis pulled the Ponoka Stompers out of a bad hole after the invading Mustangs had galloped over Pitcher C. Johnson for five hits and five runs before the second inning was finished.

## Chicago Girls To Oppose Grads Rated Among Finest Squads In U.S.

THREE times champions of Chicago; never out of the title finals during the past five years, the Queen Ann Candy and the Grads whipped them to be one of the best girls' basketball teams in the U.S. They'll be here for the three-game series against the Edmonton Grads opening at the arena on Saturday night at 8:30 o'clock. The two other games will be played on Monday and Wednesday night.

And this will be the final appearance of the Grads as a basketball team. They'll officially wind up their great basketball history with a banquet on Thursday night and then 28 years of activity in the hoop world will be ended for Coach J. Perry Page and his champions.

Recalling great series at the arena and, ever since the Cleveland Favorite-Knits played here back in 1932 and the Grads whipped them to be one of the best girls' basketball teams in the U.S. They'll be here for the three-game series against the Edmonton Grads opening at the arena on Saturday night at 8:30 o'clock. Recalling great series at the arena and, ever since the Cleveland Favorite-Knits played here back in 1932 and the Grads whipped them to be one of the best girls' basketball teams in the U.S. They'll be here for the three-game series against the Edmonton Grads opening at the arena on Saturday night at 8:30 o'clock. The two other games will be played on Monday and Wednesday night.

And this will be the final appearance of the Grads as a basketball team. They'll officially wind up their great basketball history with a banquet on Thursday night and then 28 years of activity in the hoop world will be ended for Coach J. Perry Page and his champions.

## Good and Fast

JIMMY CHAPMAN, a graduate of Edmonton fighting since he moved from the east coast of Canada and the Pacific coast, returns to Edmonton tonight on Friday matched against Santo Hugo in a ten round bout. Mickey McGuire is up against Dave Winkul in the supporting six rounder with Benny Gory and Vic Pollock meeting in a grudge battle in a second six rounder. Jimmy Rimmer vs. Flash Bailey and Billy Ketchel against Curtis Morris in four-rounders complete the card for the Memorial Hall on Friday evening.

## FULL MONTH SOCCER TILTS ON SCHEDULE

Opening the regulation league competition on Saturday with Calles opposing Ponoka, the Soccer United League, a full month of soccer tilts will start at 7:00 p.m. on Saturday evening with Calles opposing Ponoka in a seven hit and seven run and was replaced by Ethuk at the end of the month. Each team will play with three times during the month and many fine soccer battles are certain.

The schedule is as follows with the referee list named:  
June 1—Calles vs. Ponoka, South.

## WHISKERS BASTING

The Stompers, their wild-west whippers, rallied with a free-run drive in the second and three more in the third for a one-run margin that was not equalled by Wetaskiwin until the fifth. The match was scoreless. Both clubs pushed one man across the plate in the seventh and the remaining five frames were scoreless.

Chapman, Ed Lewis and Popovich were the best pitchers while Lewis and Popovich each had a double.

WATKINS SHELLED

Watkins started on the mound for Wetaskiwin but was shelled for seven hits and seven runs and was replaced by Ethuk at the end of the month. Each team will play with three times during the month and many fine soccer battles are certain.

# BUCKY BALLERS LEAGH STRAIGHT WIN

## Cinncy Ace Banks Pittsburgh By 4-0

PITTSBURGH, May 30.—Bucky Walters pitched, batted and fielded his way to his eighth straight victory Wednesday as Cincinnati Reds trounced Pittsburgh 4-0.

The 30-year-old pitcher held the Pirates to four hits, all singles, smacked two of the Reds' eight hits off Joe Bowman, and started two double plays in a masterful fielding performance. He drove in the fourth Red run in the fourth inning.

Although the victory kept them ahead of the league leading Brooklyn Dodgers in games won, the Reds were still behind in percentage points.

### WARNERS SETS PACE

CHICAGO, May 30.—With pitcher Lou Warneke hitting a three-run homer and his battery mate, Mickey Owen, driving in four runs with a pair of doubles, St. Louis Cardinals routed Chicago Cubs 8-3 Wednesday.

Disay Dean, in his first appearance since May 15, shut out the Cardinals on three singles the last 3-5 innings.

YANKS MOUND STAR DURING NO-HIT FEAT

CALGARY, May 30.—Manager Eric Lauerbach of the Calgary Buffs softball club scored "one for the books" Tuesday night when he yanked his starting pitcher midway through a game with endurance, won 22-9 and discovered that both moundmen had turned in perfect performances to register a no-hit, no-run game.

"I won't keep track of the hits and just want to divide the pitcher," said Lauerbach afterwards. "I guess Billy Lewis, my starting pitcher, is now the only pitcher in the world to get yanked after pitching perfect ball."

Lewis was pulled from the mound in the fifth inning and Johnny Fullerton completed the game with out allowing a hit. Division of the hurling assignment prevented either hurler from gaining credit for a perfect performance.

Between hits and their opponents' errors, the country team obtained a lead of six runs and scored in the ninth but the third.

Colleen Softball Team is Meeting

At the YMCA tonight at 8 sharp, the Colleen are holding their second business meeting. At present the team has not been definitely chosen and a few more players are needed, especially a pitcher and a catcher. Any player unattached to a team, and who lives in any part of the city is urged to attend. Remember if you are a promising player at all, come along with a friend to the meeting, you are invited.

China and India are the world's leading rice producers, with Japan ranking third. Japan's crop is supplemented by imports of the commodity.

## Young's Two-Hit Tossing Gives Centrals 6-3 Win

BREAKING loose with three runs in the sixth, two in the eighth and one in the ninth, behind two-hit pitching by Young, Centrals defeated Rosedale Cubs 6-3 last night in the official opening of the Edmonton Softball Association's new fence in park on Kingsway just west of 101 street. It was a Men's Senior League fixture.

Cracker Al Young came mighty close to casting a no-hit game. It was not until the last half of the ninth that Rosedale got their first base knuckle off him, Collett and Harris spelling him record with singles.

The official box score gave Young 14 strikeouts and six walks. Six of Rosedale struck out 10 and walked six.

Bottomley, Centrals' second baseman, came through with the blow of the night when he whammed the ball out of the park over the right field fence for a homer that drove in McCreath.
